

MILLAH MURRAH ANGUS

OPEN DAY
Friday 30th July
10am - 4pm

33rd BULL SALE

Thursday September 2nd 2021 - 1pm

115 BULLS WILL BE CATALOGUED FOR SALE AT MILLAH MURRAH ON SEPTEMBER 2ND 2021

This is 33 more bulls than last year, an increase of 40%.

40 sons of Paratrooper P15 headline the sale.

Calving ease is a feature of the offering with at least 80 bulls suitable for heifers.

PARATROOPER P15 sold at our 2019 sale for the Australian record Angus bull price of \$160,000. These are the first sons to sell anywhere.

Paratrooper is receiving amazing reviews globally for the extraordinary repeatability of the calves' appearance. The bulls are like clones of their father, with remarkable body length, carcass shape and softness. Semen demand outstrips supply with huge repeat custom.

A highlight subset of the Paratrooper sons is a group of 10 with dams by Kingdom. Paratrooper usurped Kingdom as the breed record priced bull, and the cross always struck as a perfect blend. The result is as good as anything we have ever produced.

LOT 33: PARATROOPER R106 – 16 MONTHS

LOT 11: PARATROOPER R38 – 17 MONTHS

LOT 13: PARATROOPER R48 – 17 MONTHS

LOT 58: PARATROOPER R275 – 11 MONTHS

NUGGET N266 sons are another sale feature. A product of Hallmark on Theo, Nugget is the \$54,000 record priced yearling bull of the industry. He topped our 2018 sale to renowned paddock to plate producers, the Gill family at Merriwa.

Nugget is also receiving huge repeat semen custom and we continue to use him by AI in our own programme. With progeny moving into their 3rd year, it is evident that Nugget is a serious contributor to structural integrity as well as transmitting extremely reliable calving ease. Phenotypically the Nugget progeny has beautiful skin type and deep bodies with the strong top lines for which our cattle are renowned. 14 Nugget sons are catalogued.

NECTAR N334 sons set the recent Heart Angus sale alight, selling to the sale top of \$30,000 twice. A son of Coonamble Hector, Nectar is another bull whose structural credentials go from strength to strength as the progeny mature. He has 10 sons in the sale.

LOT 6: NECTAR R57 – 17 MONTHS

LOT 26: NECTAR R74 (17 MONTHS)

SPICKLER POWERPOINT has found his niche in our herd with a cracking flush of 5 sons from Hallmark cow Flower N61, and some other feature Lots including a son from Klooney's dam Prue H4. Powerpoint is passing on his incredible fleshing ability and with stablemate Chisum 255 provides an excellent outcross for our programme. 10 sons sell.

LOT 21: POWERPOINT R35 – 17 MONTHS

LOT 95: POWERPOINT R34 – 17 MONTHS

LOT 60: PARATROOPER R270 – 11 MONTHS

LANDFALL NOBLEMAN N106

was the 2nd high selling bull at Landfall's record setting 2019 sale and introduces a new line for us with 10 sons in the yearling section. Calving ease is a feature on paper and phenotypically with their length and lovely clean front ends.

LOT 69: NOBLEMAN R220 – 12 MONTHS

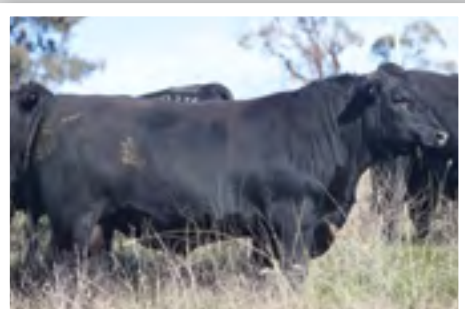

LOT 47: NUGGET Q133 – 22 MONTHS

LOT 37: MILESTONE Q287 – 22 MONTHS

Other sires include **MARLON BRANDO & MILESTONE M308** with 10 sons apiece & proven favourites **KRUSE TIME, CHISUM 255 & LOCH UP.**

The structure, fleshing ability and doing ease for which the Millah Murrah cattle are known, has never been better represented than this draft of bulls.

LOT 42: MARLON BRANDO Q221 – 22 MONTHS

LOT 43: MARLON BRANDO Q225 – 22 MONTHS

LOT 87: KRUSE TIME R316 – 11 MONTHS

CLIENT ACHIEVEMENTS

Our clients are achieving extraordinary things across every facet of the industry. Visit our website www.millahmurrah.com or scan the QR codes below to learn more.

In the sale yards, the Rice family near Parkes topped the Blue-Ribbon weaner sale at CTLX in March, receiving \$2000 for their eight-month-old steer weaners. They have used Millah Murrah bulls exclusively for 25 years.

On the wholesale front, the Gill family's Alexander Downs Group at Merriwa has grown to now process more than 20,000 bodies annually, supplying a network of over 50 butcher outlets through the Hunter and Sydney.

At stud level, the bull sale of Heart Angus more than doubled in average with Millah Murrah Nectar as the star sire.

Measured objectively, JS Grazing at Injune is consistently achieving an MSA index above 62 per consignment of 100+ steers to Coles, dwarfing the overall cohort results each time.

Sunny Point fillet, sired by Klooney.

And at retail level, the Mawhood family at Oberon, running 700 cows across several properties, are supplying their mouth-watering Sunny Point product through their three IGA stores in Central NSW. Associated with Barkers Butchery in Oberon, a home delivery service is also gaining rapid momentum.

SALE DETAILS

COVID 19: We will adhere to all restrictions at the time. A significant expansion to seating at the venue will assist with compliance.

REMOTE BIDDING: We have already collected many still images of the bulls for the catalogue and will endeavor to publish videos of the majority by sale time. The sale will be interfaced with Elite Livestock Auctions.

WESTERN AUSTRALIA ELIGIBILITY: We have gained conditional approval to export bulls to WA. Contact the vendor or see catalogue for full details.

PRE-SALE VIDEO: A comprehensive video of the bull team, taken July 7th, is available at our website www.millahmurrah.com

BRAND VIDEO: A more general video about the Millah Murrah programme is available at our website or via this QR Code.

SEMEN TESTING: Semen testing (including laboratory morphology examination) is conducted on the bulls.

FREE FREIGHT: Offered locally and to all major centres in NSW, QLD and Victoria.
